

Harm Reduction Training

Provided by AICDAC Recovery HUB

Harm reduction is a practical and transformative approach that incorporates community-driven public health strategies — including prevention, risk reduction, and health promotion — to empower people who use drugs (and their families) with the choice to live healthy, self-directed, and purpose-filled lives.

Harm reduction incorporates a spectrum of strategies that includes safer use, managed use, abstinence, meeting people who use drugs “where they’re at,” and addressing conditions of use along with the use itself.

This training is designed to help Recovery Specialists understand Harm Reduction and learn about the different ways that Harm Reduction can be incorporated into Recovery Support Services.

Facilitated by Mike Krafick, CRS, CRSS, RCP, RCPF

When: October 31, 2024

Time: 10:00am-2:00pm

**Where: 911 Emergency Building
131 Ridgmont Dr.
Ridgway, PA 15853**
