Sage's Army, in partnership with the Westmoreland Drug and Alcohol Commission, invites organizations, businesses, agencies, schools, and community groups to participate in our free community Recovery Softball Tournament in recognition of Recovery Month.

We are looking for partners to any or all of the following:

- Register a softball team
- Host a table or resource booth
- Provide an interactive activity or experience

This event will bring individuals, families, and community partners together to promote recovery awareness, connection, wellness, and hope in a fun and welcoming environment. Whether you participate in one way or several, your involvement helps strengthen community connections and support recovery throughout Westmoreland County.
